### HE'S A COLORED MAN.

And the Union Republican Don't Like Him.

There is one thing that has long been noticed in Republican circles. It is almost invariably the case that when a colored man in the republican party begins to claim the rights to which his race are entitled some of the white leaders are ready to jump on him with both feet and stamp the life out of him. The following is a clipping from the Union-Republican in which it pays its respects to the Herald, a new republican paper edited by a colored man:

"The freedom with which the Twin City Herald handles the names of gentlemen shows a state of human depravity on the part of its editor and promoters that is appalling.

"The Republican never throws mud, but it is forced to say that the white men who are coaching that dirty sheet are a set of dirty liars and scoundrels. Letters are received from parties who know the editor of the Herald, denouncing him as a fraud and a dirty trickster. Decent colored people are indignant at his brazen affront and are already tired of his presence among them."

### The Flatter of Athletics.

Correspondence Telegram.

Guilford College, Mar. 30—The trustees of the college met here today. Their contemplated action to abolish playing by our athletic teams off our own grounds, was reconsidered and it was decided to leave the controlling of athletics to the faculty. Outside of this no important business transacted, only such as is of a routine nature.

The ball team leaves Saturday for Durham where it will play two games with Trinity College, Saturday and Monday.

## SITUATION MORE SERIOUS

And the End Cannot be Very Far Away.

### SPAIN WANTS FIFTEEN DAYS

The News of the Pending Crisis and Views Concerning Peace or War Wired from the Capital.

By Wire to THE TELEGRAM.

Washington, April 1—The president went over the situation very thoroughly with Senator Davis, chairman of the committee on foreign relations early this morning, after which Senator Davis hurriedly drove away. The last dispatch from Madrid was thoroughly unsatisfactory and the dissatisfaction was openly announced during the conference this morning.

The president admits that the situation is more serious than ever regarding the reconcentrados. Spain must go much farther than is now indicated before her action can be considered as complying with the demands of this government.

Mr. McKinley is taking the leaders in Congress into his confidence so that Congress may be in accord with him. He is not attempting to withhold any information from them.

### MORE MEDICAL OFFICERS.

Washington, April 1—Representative Hull, chairman of the committee on military affairs, has introduced a measure increasing the number of medical officers of the navy and authorizing the surgeon-general of the army to appoint the same in case of emergency.

### SPAIN ASKS FOR TIME.

Washington, April 1—Spain asks until April 15th to reply to our note. Nobody believes it will be granted.

### NEARING THE END.

Washington, April 1—A number of senators and representatives who saw the president today told him that it was impossible to delay the Cuban question beyond next Monday.

### STRONG SENTIMENT DEVELOPED.

Washington, April 1—A strong sentiment has developed in the committee on foreign relations in favor of war, based on the Maine question and not on Cuban affairs.

### DISPOSITION OF WARSHIPS.

Washington, April 1—Chief of the Navy bureau of navigation and members of the army and navy strategic board have been summoned to a cabinet meeting in which will be considered matters regarding the disposition and disposition of warships. Assistant Secretary Roosevelt has also been summoned.

### HURRY ORDERS ISSUED.

Washington, April 1—Hurry orders were sent to the Boston navy yard today to put gun boats and machines in condition for sea service.

### BARNABE BUSY ALL NIGHT.

Washington, April 1—Senator Polo y Barnabe, the Spanish minister, did not retire until day break this morning. Throughout the night he was answering cablegrams from his government.

### CUNNINGLY WORDED EVASION.

Washington, April 1—The last words of Sagasta's reply to the president's demands were received this morning at 3 o'clock. His reply was not so much a rejection of the president's demands, but a cunningly worded evasion of a direct answer. The cabinet officers are disappointed at it and consider the situation grave.

### PREPARE FOR WAR.

Washington, April 1—It is stated here on good authority that McKinley's diplomacy has utterly failed and from one end of the country to the other orders have been sent to prepare for war.

### FORMAL STATEMENT TO BE MADE.

Washington, April 1—Assistant Secretary Day says: "A formal statement will be made after the cabinet meeting today. In the meantime I decline to confirm or deny any rumors."

### JOINS FLYING SQUADRON.

Philadelphia, April 1—The cruiser Minneapolis left this morning under special orders to join the flying squadron at Hampton Roads.

### MONITOR ORDERED TO NEW YORK.

New York, April 1—The navy department has ordered one hundred men of the New York naval reserves to go to Philadelphia and bring one of the monitors now at that city to this port.

### EXAMINATIONS COMPLETED.

New York, April 1—The naval auxiliary board completed its labors to-

day. They closely examined every available vessel for war purposes. The board is now mailing its report to be forwarded to Washington.

### THE CUBAN "HOME RULE."

Washington, April 1—The Cuban government, meaning the present home rule authorities in Cuba, and not the insurgents, have appealed to the president of the United States to respect the will of the majority of the people of Cuba and favor home rule under the Spanish domain.

### PATROL FLEET.

Key West, April 1—The patrol fleet will be continued nightly until further orders.

### THE TEXAS COALING.

New York, April 1—The battleship Texas is coaling for an early departure.

### DECIDEDLY CAUTIOUS.

Washington, April 1—The summoning of naval and army officers to the cabinet meeting this afternoon is decidedly ominous.

### SPANISH MINISTER TO WITHDRAW.

Washington, April 1—The senate today agreed to adjourn until Monday. An attack of the Spanish legation says: "Senor Polo y Barnabe, the Spanish minister, will withdraw within a week." Senator Davis has been subpoenaed to attend the cabinet meeting.

### ANOTHER CABINET MEETING.

Washington, April 1—The cabinet will meet again this afternoon at five o'clock. It is announced that after the meeting the president will send a message to congress as soon as he can prepare one.

### Movement of the Squadron.

By Wire to THE TELEGRAM. Fort Monroe, April 1—The Old Dominion Line has landed forty-five seamen for the cruisers Columbia and Minneapolis of the flying squadron. The first movement of the squadron was made today when, under command of Schley's orders, the Brooklyn and Massachusetts moved down from Hampton Roads.

### DAVID COPPERFIELD.

At the Normal by Professor Livingston Barbour.

On next Monday night, April 4th, will be given the fifth of the series of entertainments at the State Normal and Industrial College, by Prof. Livingston Barbour, of Rutgers College. He will present Charles Dickens' masterpiece, David Copperfield. It is not a lecture, but a series of impersonations of the different characters in that touching story. As he impersonates the characters in each act he impersonates them, telling the story in their own language and with all the peculiarities of manner with which the great novelist endowed them. The entertainment will be one of exceptional pleasure, as well as instruction, and the Normal and our people generally are to be congratulated. The following paragraph is taken from the Philadelphia Press:

"The rendering of 'David Copperfield' by Professor Barbour, of Rutgers college, on Friday evening last in the lecture room of the Reformed church, of Port Richmond, afforded one of the most delightful entertainments of the season to the goodly number assembled. They were entertained by the remarkable impersonations. The room was perfectly still until at the end of each act there followed the most rapturous applause. David and Uriah Heep, and Peggoty and Micawber and little Emily seemed to be really alive and in animated discourse. The humorous and the pathetic were each of them given with rare ability. The dramatization was by the professor himself, and betokened skill in that line and a nice appreciation of what parts were best to represent. An hour and a half was occupied in a manner long to be most agreeably remembered."

### TO PROVISION HAVANA.

Three Months Supply of Food and 50,000 Tons of Coal.

Havana, March 31—It is asserted on good authority that the government at Madrid and the local government have determined to provision Havana city for three months, as against a possible blockade of the port by the American fleet. It was also decided to bring 50,000 tons of coal to Cuba as soon as possible. A strong effort will be made to get a portion of the coal, at least, but the provision question has been, to all appearances, dropped.

### A Large Catch of Fish.

The largest catch of fish this season was made by Mr. Hellen Huff last night a few miles down the Neuse river. He caught 30,000 croakers in two hauls of the seine. He loaded his boat down but was only able to bring half of them, the balance he threw overboard and on the river bank.

## UNITED STATES SNUBBED.

Cuba And Not Uncle Sam Must Ask For Armistice.

### QUEEN OF SPAIN TO VICTORIA.

Wants Great Britain to Support Austria and France in Their Attempt at Mediation.

By Cable to THE TELEGRAM.

London, April 1—The Times prints a second extra edition this morning for the purpose of publishing a dispatch from Madrid outlining the proposal of Spain. The substance of the Spanish proposal is that the insurgents, and not the United States, shall ask for an armistice and that the Autonomist Cuban cabinet shall deal with the proposal without any intervention of the good offices of the American government.

### APPEAL TO QUEEN VICTORIA.

London, April 1—Queen Victoria has been implored by the Queen of Spain to use her influence with the British government to support Austria and France in an attempt to secure European mediation.

### "DOWN WITH US," THEY CRY.

Madrid, April 1—President McKinley's reply is anxiously awaited. It is expected late today and it is thought the reply must settle the present affairs positively and immediately. Large crowds are congregated in all public places awaiting the same in a state of the greatest excitement and amid loud cheers of "Down with the United States."

The Lulu Lucha this morning, editorially, calls for Senor Sagasta's assassination if he backs down before the United States.

### A MADRID OPINION.

Madrid, April 1—According to the best information obtainable Spain has definitely and fully resolved not to make any further concessions to the United States.

The opinion is expressed, however, that an agreement between the Spanish government and the United States will be reached which will include the Maine and the reconcentrados question. This means durable peace in Cuba. It is stated that the Cuban government, under Blanco, is in complete accord with the Peninsular government and will assist in the work of obtaining peace.

Those who are best informed express a belief that peace is assured unless Mr. McKinley's hands are forced, making him depart from the calm attitude which he has assumed throughout.

### SPAIN BUYS A CRUISER.

Madrid, April 1—The agents of the Spanish government today secured the Italian cruiser, Carlo Alberti, which the United States sought to purchase. The negotiations were completed today.

### BOATS BOUND FOR CUBA.

London, April 1—A steamer from the Canary Islands reports that she passed six torpedo boat destroyers, with escort ship, en route to Cuba.

### PROVIDING AGAINST BLOCKADE.

Havana, April 1—The Spanish government has determined to place three months' provisions in this city against a possible blockade being formed. Fifty thousand tons of coal will be sent here as soon as possible.

### NEWS STOPPED BY CENSOR.

Havana, April 1—The Vizcaya and Aquenda have sailed. Further news in regard to the sailing has been stopped by the censor.

### Mr. Reed's Joke.

Recently Speaker Reed wished to see a man on some pending legislation and telegraphed for him to come to Washington. The man took the first train available, but a washout on the road made it impossible for the train to proceed further towards its destination. Going to a telegraph station he sent this dispatch to the Speaker: "Washout on the line. Can't come."

When Reed read the message he sent back this reply: "Buy a new shirt and come anyway."—Pittsburg Dispatch.

### "Do You Know?"

This aggregation amusement and comedy was presented by the Edwin Travers Company to a good audience at the Academy last night, and "do you know" it was one of the funniest, brightest comedies presented here this season. It was played with vim and energy and the audience was highly entertained and pleased.

### To Cure a Cold in One Day.

Take Laxative Bromo Quinine Tablets. All druggists refund the money if it fails to cure. 25c.

### Reception at Presbyterian Church.

The ladies of the First Presbyterian church will give a reception tonight from 8 to 11 in honor of the young ladies of the Normal college who attend this church. The other young ladies of the college, the congregation and their friends are invited.

In the ladies parlor, which has been beautifully decorated and festooned in the college colors of white and gold, will be served a dainty lunch of sandwiches, crackers, chicken salad, pickles, fruit, and coffee. A most pleasant evening is in store for those who are so fortunate as to attend.

### To Lecture at Whitsett.

Henry Blount, North Carolina's famous humorist and lecturer, will deliver his best production, "Beyond the Alps Lies Italy" at Whitsett Institute, Whitsett, N. C., Saturday evening, April 9th, at 8 p. m. Doors open at 7:30. Admission, 25 cents. This is an opportunity to hear one of the State's most brilliant speakers. Everyone who has ever heard him will desire to hear him again.

### A Broken Buggy.

A serious accident was narrowly averted yesterday afternoon at the ball grounds. As a party was leaving in a buggy, the horse became unruly and succeeded in turning over and breaking up the vehicle and spilling the occupants. It created quite a little excitement and fortunately none of those in the buggy were hurt. The buggy had to be left behind and the occupants had to walk home.

You can get the telegraphic news twelve hours earlier in THE TELEGRAM than in any paper that gets into Greensboro, and for four dollars a year less.

Why not dispatch Gen. Nelson A. Miles to Cuba with a boat load of hand-cuffs and anklets?

The peacemakers do not appear to be on the high road to doing much inheriting just at present.

The jingling of the guinea instead of being a cure for the "hurt that honor feels" has become a preventive in this day and time.

If there is any marine scouting to be done it would not be a wholly bad idea for the idea for the United States to secure the services of the Dauntless.

The bottoms of some of our warships are said to be growing a luxuriant crop of weeds. It is to be feared that Americans are hopelessly agricultural in their tastes.

If Tom Reed would only get out of the road with his dog whip the republican members of congress would show how brave they are by sending somebody else to fight the Spaniards.

The Charleston chamber of commerce is frantically patting McKinley on the back for his efforts to keep the peace. Evidently the Palmetto port does not hunger for fire three times a day as of old.

The New York Sun makes the statement that "in case of war the bondholders would be as brave and patriotic as anybody else." We doubt it. As a rule \$100,000 worth of bonds will make a coward of any man.

The Mexican authorities have just arrested the leaders of a band of four hundred Spaniards who were prepared to make a raid into Texas immediately upon the breaking out of hostilities between this country and Spain. It seems a pity that these aspiring ones should have been deprived of so sure and swift a route to halos and harps.

Among nations as among men position imposes responsibility. It cannot be shirked or shifted. This country is responsible for any protraction of the Cuban horror. It is the nation on whom devolves the duty of ending it, let the cost in blood or in treasure be what it may. It cannot be hushed up or smoothed over or stopped by degrees—simple humanity demands that it be stopped instantly, even though it light a world conflagration. It is one of those cases where nothing but a blow seems appropos.

In the columns of "thoughts on the situation" given by members of Congress to the papers we have failed so far to see a single one from Congressman Stroud. Can't the burst of a war cloud even arouse him?—Morning Post.

Congressman Stroud is a patriot. Being a patriot he confines the evolutions of his gray matter to the two heads of economics and finance. He has no thought to waste on the situation. A war with Spain is a small matter. He belongs to a band that wages fierce conflict against hydra-headed monopolies and centipede trusts. Do not disturb the congressman. He is thinking; but thinking of other things.

## Miles and Davis.

Wade Hampton recently asserted that General Miles, who received from Congress the title of lieutenant general was responsible for the shackling of Jefferson Davis at Fort Monroe just after the assassination of President Lincoln. Miles, in defense, has published the following:

Fort Monroe, Va., May 22, 1866. Brevet Major General Miles is hereby authorized and directed to place manacles and fetters upon the hands and feet of Jefferson Davis and Clement C. Clay, Jr., whenever he may think it advisable, to render their imprisonment more secure.

By order of Secretary of War.  
C. A. Dana,  
Assistant Secretary of War.

This, it will be observed, was not an order to shackle Davis, but permission to do so in Miles' discretion. That shackling was necessary has never been proven. In fact, it was not necessary.

Six days later, on May 28, 1865, Miles received the following:  
War Department:  
Washington, May 28, 1865.  
Major General Miles, commanding, Fort Monroe, Va.: Please report whether irons have or have not been placed on Jefferson Davis. If they have been, when was it done, and for what reason, and remove them.

Edwin M. Stanton,  
Secretary of War.

General Miles replied that he had had anklets put on Davis to prevent his running; though of course, he was guarded, and that they were removed after the wooden doors of Davis' casement had been changed for grates.

We have always regarded this act of General Miles as brutal, and his authority for it does not make it any less so. But the pertinacity of the record of 1865 to General Miles' present attempt to have conferred upon him the title of lieutenant general is not obvious. For that he must stand or fall on the present estimation of his value to the country in the higher office.—Asheville Citizen.

Better Than Patent Medicine.  
From a lengthy and patriotic letter in the Lumberton Robesonian by Col. W. F. French on the present situation we make the following extract:  
"A gentleman from Cuba says that the Spaniards say that the Americans are cowards and will not fight."  
"Men of 1861, north and south, does not such language cure all your rheumatic pains and all the physical infirmities that age brings on better than any patent medicine that ever was held out to the public? Speak out! Say yes, for I know it is so! I fear that like most of the patent medicines the cure will only be temporary, but a temporary cure will be long enough to whip Spain."

The Old Braggart.  
Spain's boasting of Powers is in inverse proportion to her power and her resources. What a dizzy old braggart she is, in view of the fact that she has been trying for three or four years to suppress a rebellion in sparsely-peopled Cuba, and has finally resorted to starvation as a war measure.—Springfield Republican.

## SPAIN'S FINANCIAL RESOURCES.

Possibility That War Fever May Make Internal Loan.

London, Mar. 31.—The Madrid correspondent of the Daily Mail says: "Senior Puigcerver, Minister of Finance, has already secured sufficient gold to pay the first installment on the cruiser and despatch boat bought from Italy. The future of patriotism is growing with such ardor that it is believed that if war occurs the government will have a splendid opportunity to raise a large internal loan by popular subscription."

Stands at the Head.

Aug. J. Bogel, the leading druggist of Shreveport, La., says: "Dr. King's New Discovery is the only thing that cures my cough, and it is the best seller I have." J. F. Campbell, merchant of Safford, Ariz., writes: "Dr. King's New Discovery is all that is claimed for it; it never fails, and is a sure cure for consumption, coughs and colds. I cannot say enough for its merits." Dr. King's New Discovery for Consumption, Coughs and Colds is not an experiment. It has been tried for a quarter of a century, and today stands at the head of all cough remedies. Free trial bottles at C. E. Holton's drug store.

THAT bicycle lamp ordinance was a surprise. If we had expected it you may be sure we would not have let it caught us with a short supply of the best bicycle lamps on the market. However, we ordered a full supply by express and they are here. The price will surprise you for they are so cheap. Ask for the Diamond. m31tf Odell Hardware Co.

GOOSE GREASE LINIMENT CO., Greensboro, N. C.: I feel it my duty to testify to the superior merits of "Rice's Goose Grease" as a cough cure. On Friday night the 7th inst I coughed almost the entire night. Cough syrups etc. failing to bring any relief whatever. On the following night I decided to test the virtue of your remedy by bathing my chest thoroughly with it and going to bed, and I tell you honestly I never slept sounder in my life. I take pleasure in commending "Rice's Goose Grease" to those who may be in need of a cough cure. Wishing you much success. I am Yours cordially, B. B. Walker, Mng'r. Engleworth Store Co.

## Mineral Lands to be Sold

By virtue of an order of the Superior Court of Guilford county, I will sell at the county court house door, for ready money, ON SATURDAY, 16th of APRIL, at 2 o'clock p. m., the following real property, and interest in real property, to-wit: Five acres of land carved out of the Hodgkin gold mine tract, in Guilford county, bounded as follows: Beginning at a stone about 10 rods westerly from the deep shaft in the mill building; thence south 40 degrees east 40 rods; thence east 40 degrees north 20 rods; thence north 40 degrees west 40 rods; thence west 40 degrees south 20 rods to the beginning; and also the mineral right in and to the remaining hundred acres in the said Hodgkin gold mine tract, with privilege of ingress and egress at any and all times for mining and prospecting purposes. This land and right and privilege is sold to make partition among the heirs at law of the late James V. Pomerooy. March 12th, 1898. E. S. PARKER, Commissioner.

# Harris Lithia Water of South Carolina.

Contains more Lithia than any other Lithia Spring Water on the market. If the Harris Lithia Water is not superior to any other water on the market, do you think the following noted physicians would state that it is? They have no interest in Harris Lithia Water:

Mr J T Harris, Proprietor Harris Lithia Springs;  
Dear Sir—While it is contrary to my custom to give testimonials to remedial agents, I feel free to attest to the efficacy of the Harris Lithia Water (when used in large quantities) in the rheumatic and gouty diatheses; in engaged states of the kidneys; in inflammation of the bladder, and in all cases where there is an excess of solids in the urine. Yours respectfully,  
GEO HOWE, M D

Mr. J. T. Harris:  
Dear Sir: I have found the use of the water from your Lithia Spring in South Carolina so efficacious in the case of a young lady patient of mine, who has suffered for years with diabetes, with all its different attendants, that I want to add my testimonial to the many you already have. The patient I refer to has used the water freely at home for scarcely a month now, with more beneficial results than from months spent at the different noted lithia springs in different parts of the United States, besides long-continued use of the same waters at home. Other

of my patients and friends are now using the water with the best results. I cordially recommend it to all suffering from similar diseases.  
Very respectfully yours,  
THOMAS S POWELL, M D,  
President Southern Medical College, Atlanta, Ga.

Asheville, N. C., April 20, 1893  
An extended clinical use of the Harris Lithia Water prompts me to the statement that I regard it as one of the best, if not the best, Lithia Waters known to the profession. In the condition of Phosphatic Urine its action is marvelous. Its use in the rheumatic and gouty diseases affords me more comfort than either the Buffalo or Londonderry waters.  
Very truly yours,  
JOHN HEY WILLIAMS, M D

After a long and varied experience in the use of mineral waters from many sources, both foreign and domestic, I am fully persuaded that the Harris Lithia Water possesses efficacy in the treatment of affections of the

kidney and bladder unequalled by any other water of which I have made trial. This opinion is based upon observation of its effects upon my patients for the past three years, during which time I have prescribed it freely and almost uniformly with benefit in the medical maladies above mentioned.  
A N TALLEY, M D  
Columbia, S C, October 8, 1892.

The waters of the Lithia Springs are odorless, free from color, with a pleasant saline taste, rather palatable. When taken in considerable quantity, they do not nauseate, purge or produce any feeling of discomfort. I find from the analysis of the waters, they contain Chloride Sodium, Carb. Potash, Carb. Soda, Carb. Lithia, Carb. Iron and Sulphate Magnesia. These waters act directly on the mucous coating of the stomach and alimentary canal; they are powerfully alterative and tonic. They are everything to inflamed or irritated surfaces. They act upon the blood, changing it from acid to alkaline. In indigestion, catarrh of the stomach and gastralgia, supplemented with a proper diet, they

are a certain cure. The action upon the kidneys is marked. The sodium, potash, soda, lithia, are the best solvents of uric acid; all calculi of an acid character, whether literary or cystic, are steadily dissolved. I am confident that the profession will find it very useful in cases where this class of water is required.  
J Q WILBURN, M D  
Walterboro, S C, April 19, 1892.

Baltimore, June 24, 1896  
J T Harris, Esq, Harris Springs, S C:  
Dear Sir—I have been using Harris Lithia Water for some time, and I will say to you that it is my opinion that the Harris Lithia Water is by far the best Lithia Water that I have ever used, and that it has done me a great deal of good, and I think that it is a most valuable remedy.  
R CHOFFMAN,  
President S A L R R

Atlanta, Ga, Feb 24, 1897.  
Mr J T Harris, Harris Springs, S C:  
Dear Sir—I have found Harris Lithia Water an exceedingly valuable remedy for persons suffering from

kidney and bladder troubles. Therefore take pleasure in recommending it. Respectfully,  
JAS F ALEXANDER,  
President Board of Health

Mr J T Harris:  
Dear Sir—It gives me pleasure to say that I have been using your Lithia Water for several months past, and that I believe it to be one of the best Lithia Waters that I have come in contact with. Yours truly,  
EST JONIN,  
Vice President  
Portsmouth, Va

Charleston, S C, Sept 20, 1893  
Mr J T Harris:  
My Dear Sir—I am constrained to send you this testimonial of the efficacy of the Harris Lithia Water. The value of the testimonial may be enhanced from the fact that it goes to you unsolicited. As a friend of humanity, I feel bound to withhold my knowledge of its virtues no longer. I have been using the water for more than a year with marked benefit. To any one troubled with kidney disorder

it is the remedy par excellence. I prefer it to the Buffalo Lithia Water. Very truly yours,  
A C KAUFMAN,  
President Vanderbilt Benevolent Association of Charleston, S C

Chester, S C  
Dear Sir—For the past six months I have been using Harris Lithia Water with the most excellent results, where I have been able to get my patients to drink a sufficient quantity of it daily. The carbonated has no equal in gastric disturbances. It is an excellent table water. It is a pleasant laxative and is a sure cure for flatulent dyspepsia.  
S M DAVEGA, M D

Atlanta, Ga, April 20, 1897  
I have used for some time Harris Lithia Water in my family, and also with my patients, and find it the best water I ever used in catarrhal condition of the ureters and bladder. It is also a good diuretic water.  
G G ROY, M D

We guarantee that one glass of Harris Lithia carbonated water will relieve any case of indigestion in one minute's time or money refunded, or if taken after each meal will cure the worse case of indigestion.

throwing off impurities in the blood.  
Electric Bitters improves the appetite,  
aids digestion, and is pronounced by

Time this afternoon is too short to enumerate or particularize. Look at Shrier's new ad. for yourself and see what he is talking about.

### REGULARS BEAT THE COLTS.

The Players Left This Morning—Well Pleased With Greensboro.

The game of ball, after being postponed once or twice, was played yesterday afternoon. The regulars won by the score of 23 to 3. The cold, raw wind that swept across the ball grounds yesterday kept many away and made it unpleasant for those who went out to see the champions play their last game here. The pitchers were afraid to let their arms out on such a day and heavy hitting was one of the features. The infield of the regulars made many exceptionally hard stops and some excellent throws and double plays. The playing of the boys showed the good effects of the practicing they did here and gave promise of the kind of work they will do when the regular league season opens.

Manager Selee and his Beaneaters were much pleased with their stay here and of the treatment received from the people of Greensboro. Where the team will practice next spring has not been decided but the memory of their stay will have its weight when the time for a decision comes and perhaps next March they will again be quartered at the Benbow.

The Bostons left on the early train for Danville where they play this afternoon.

They will gradually work their way north and open the season in New York on the 15th.

### "Pursuit of the Houseboat."

The entertainment last night at the Lindsay Street Graded School, given by the Ninth grade to pay for improving their recitation room, was a great success in every way. There was a large crowd out and everybody seemed to enjoy the play. The different parts were admirably played and showed the effect of much study. The young ladies rendered their parts very nicely, and Capt. Kidd was hard to beat. Many wished that the "Pursuit of the Houseboat" would be repeated. The receipts were more than enough to pay for the improvements and a neat little sum was left in the treasury.

The following is the list of those who took part in the performance and the characters they represented:

Pearl Lee.....Ophelia.  
Xanthippe.....Mozelle Andrews.  
Queen Elizabeth.....Mabel Glenn.  
Cleopatra.....Virginia Brown.  
Cassandra.....Nora Balsley.  
Portia.....Nettie Gregory.  
Mrs. Noah.....Louise Foushee.  
Capt. Kidd.....Floyd Ross.

### Evangelist Lee in Florida.

The Telegram is in receipt of the following letter today from Evangelist Lee, who is in Gainesville, Fla. Our people are always glad to hear from Mr. Lee and we print his letter that all may hear from him in his own words:

Gainesville, Fla., March 30, '98.  
Editor Evening Telegram, Greensboro, N. C.

Dear Sir:—Please send my paper to Ocala, Fla., where I begin a Union meeting of all the churches of that city under my tent on Sunday, April 3d. I will close a very good meeting here at Gainesville tomorrow night. I am always glad to receive the Telegram.

Wishing you and your paper much success, I am, Yours sincerely,  
J. W. Lee.

A cablegram was received at midnight last night by a gentleman in this city—at least it is supposed that it was a cablegram. At any rate there is a report current today that the Spanish flotilla has changed its course and will not bombard Greensboro from the South Buffalo. There is a rumor to the effect that it will go up Deep River and in the slumbering and still night watches scare Jintown half to death. The Prowler, however, does not credit the rumor and no query has been sent to verify it.

The situation for the past two weeks has been one of excitement and expectancy. One day the report of the board of inquiry would be sent in on the next, certain. The next day it would be sent in next Friday. On Friday it would be sent to Congress Monday. On Monday it was announced that it would lie in the committee room for an indefinite period. Armistice was to be declared for six months, et cetera. And so it has been for some days. One day it was announced that Congress would wait, positively, no longer than Thursday. On Thursday it was said that Congress would wait on the president until his plans could mature. Senator Mason says there must be war. Senator Hanna says there must be peace. Mr. McKinley says we must wait. Congress says we cannot wait. There must be some truth in these reports or they would not have been sent over the wires. And still the exciting story goes on. One man says today will surely decide the matter. Another says it will be decided on next Monday. One man says Spain's reply means war. Another says the reply was framed with many loop holes of escape from war. Here we go. And as all things must end, so this must end—but the end is not yet.

War was declared at Vanstory's livery stable this morning when the genial proprietor discovered that some miscreant had stolen a lot of choice eggs on which he anticipated setting a faithful domineer hen, and from which he expected a nice brood of chicks. The terrors of a Spanish war would pale into utter insignificance before the perpetrator of this deed if Mr. Vanstory should get him in his clutches.

#### EDITORIAL.

A student plied a college professor with a series of questions to each of which the professor laconically replied "I don't know."

"Why," finally said the student, "I thought we were sent here for you to tell us what we don't know."

"Young man," replied the professor you are sent here for us to tell you what we know, and that is soon done. To tell you what you don't know would be an endless undertaking.

\$1.98 \$1.98

Two lots of the new style spring shoes for men go down under the bargain knife for two days,

### Saturday April 2 and Monday April 4

They are very special values even at their normal prices, because they were bought considerably less than others paid for theirs and marked but at a slight advance of profit. The sacrifice of profit which is made for two days only will be justified by the new friends this shoe store will make and by bringing those who are already patrons in closer relations. The footwear in each lot is the very newest in material and design—really the most desirable to be had.

First Lot—Men's Tan Vici Kid Lace shoe, including all the latest toes, plain and tip, light soles. Marked price on them, \$2.50. Special Price \$1.98.

Second Lot—Men's Black Vici Kid Lace or Congress shoes, on all the newest shapes, light weight, flexible and easy and finished in the latest manner. Regular price \$2.50. Special Price \$1.98.
